Pacific Rim International Conference on Artificial Intelligence (PRICAI)

The Pacific Rim International Conferences on Artificial Intelligence (PRICAI) was initiated in Japan in 1990, to create an artificial intelligence (AI) conference which would promote collaborative exploitation of AI in the Pacific Rim nations.

The conference has grown, both in participation and scope, and now includes participation from all major Asia Pacific nations. The conference also attracts participation from all over the world, including Europe, Africa, India, and South America.

<u>PRICAI-2023</u>, the 20th edition of the conference series, will be held in **Jakarta (Indonesia)** for the first time in its 33 year long history.

Conference Website: https://www.pricai.org/2023/

PRICAI-2023 will feature a serious of cutting-edge **workshops** and **tutorials** in addition to a special track on **AI-IMPACT**.

AI-IMPACT track is specifically focused on industry-focused researchers, developers, entrepreneurs, emerging start-ups and organisations that focus on AI solutions for real-world products and services, to share experiences and insights on the impact of implementing Artificial Intelligence across a wide range of industries and sectors.

Sponsorship Conflict of Interest Policy

To ensure the independence and integrity of the conference, sponsors have no say over the paper selection process, tutorial selection process, choice of invited speakers (suggestions will be considered), the composition of the program committees, or the best paper awards. The substance and structure of the conference are determined independently by the program committees and/or conference organizers.

The PRICAI-2023 will always acknowledge our sources of financial support.

The PRICAI-2023 will always disclose the benefits that funders receive as a condition of their contributions.

Sponsors can only contribute to a general fund; they cannot specify how their contributions are spent, with the following exceptions:
o   Sponsors are allowed to contribute toward a specific workshop hosted by an PRICAI-2023 conference.
o   Sponsors are allowed to contribute directly toward specific focus areas that are documented in our sponsorship booklet.

As one of the sponsor benefits, a Participant List may be requested by sponsors at any time and this list will contain name/email/affiliation, and country. In keeping with the spirit of inclusivity, we ask that these lists not be used to invite subsets of attendees to exclusive parties or events. The lists may not be used for advertising or solicitation purposes.
